**COMPLETENESS REVIEW FOR CALIFORNIA ACCIDENTAL RELEASE
PREVENTION RISK MANAGEMENT PLAN SUBMITTAL FOR CSUCI POWER
PLANT, 1947 WEST PORTERO ROAD, CAMARILLO, CA**

The Ventura County Environmental Health Division (EHD) staff reviewed the CalARP Program Risk Management Plan (RMP) for the Program Level 2 anhydrous ammonia covered process. EHD staff has determined that the CalARP Program RMP submitted on **April 30, 2024** for the above referenced site is now complete.

Pursuant to Section 25535.2 of the California Health and Safety Code, the RMP shall be made available to the public for review and comment for a period of 45 days. This letter will be placed on this Division's website and will serve as notice stating that the RMP is available for public review. The RMP will be made available to any person or organization interested in reviewing the document at a location determined by this Division. All public comments received will be considered as part of the CalARP evaluation review.

If you have any questions, you may contact Analyssa Quaranta at (805) 654-2127 or via e-mail at Analyssa.Quaranta@ventura.org.
