Introduction

Purpose

The Oak Park Area Plan is an integral part of the Ventura County General Plan and, as such, serves as the Land Use Plan for the Oak Park Community. "Area plan" is a term for plans that focus on a particular region or community within the overall general plan area. Area plans refine the policies of the general plan as they apply to a smaller geographic area and are designed to reflect the needs and desires of those individual communities. This Area Plan governs the distribution, general location and types of land uses for community facilities, commercial, residential and open space purposes. The Ventura County General Plan is the Plan by which the unincorporated portions of Ventura County will develop in the future. The County General Plan is divided into four chapters which encompass the State mandated General Plan elements. In addition to the general goals, policies and programs contained in these four chapters, the urban portions of the unincorporated area of Ventura County are governed by separate land use plans (area plans) designed to reflect the needs and desires of those individual communities.

The Oak Park Area Plan is composed of this policy document and supporting maps and tables.

State law also mandates that a general plan be internally consistent. To achieve this consistency, the goals, policies, programs and maps of the Ventura County General Plan Policy document were reviewed and used in drafting this Area Plan. The goals, policies, and programs that have been incorporated into this Area Plan supplement the Countywide General Plan, therefore, this Plan is intended to be read in conjunction with the Countywide General Plan.

Area Plan Chronology

The first 600 dwelling units in Oak Park were developed in the mid-1960s. In May of 1972, Metropolitan Development Corporation (MDC) filed an application with Ventura County to obtain a General Plan amendment and Zone Change to permit development of the remainder of the Oak Park Community. On April 24, 1973, the MDC application was denied by the County Board of Supervisors due to concerns related to development of unincorporated County land contrary to adopted Guidelines for Orderly Development and due to economic impacts associated with the project.

MDC subsequently filed an action with the Superior Court against Ventura County claiming vested interest due to prior construction of sewer, water and roadway infrastructure. On December 30, 1974, a judgment was entered affirming a stipulated agreement between MDC and Ventura County. The County agreed to amend the General Plan, rezone Oak Park and approve the Oak Park Master Plan and Development Program in order to accommodate development of the Oak Park community. In return, MDC agreed to donate land for a fire station, County administration building, school sites, parks and open space, totaling more than 1,843 acres, and MDC agreed to pay a fee for the development of park and recreation facilities, for schools and other capital improvements.

From 1974 to 1991, the County approved Development Plans for each of four planning zones (see Figure 3OP-1). More than half of the Oak Park Urban Community was developed or was under construction during this period. In addition, applications for development of 12 out of the remaining 16 undeveloped urban parcels (outside of Planning Zone III) were under review by the Planning Division.

In mid 1978, the Planning Division determined that it was necessary, as part of the General Plan Recodification Program, to prepare an area plan for the Oak Park Area of Interest in order to be consistent with other developing urban areas within the County. The Oak Park Plan does not contemplate urban development at this time in the Ahmanson and Jordan Ranch areas. Urban development in these areas would require a future amendment to this
Area Plan. The goals, policies and programs for this plan are primarily derived from the original Oak Park Master Plan and Development Program, the Environmental Impact Report prepared for the Oak Park Community in 1977, the EIR Supplement prepared in 1983, the three existing Oak Park specific plans and from other existing plans and policies previously adopted by the Board of Supervisors.

The Oak Park Area Plan incorporates by reference the four existing Development Plans.

The County has continued to refine and update the plan over the years, and has amended it eight times, in 1989 (twice), 1991, 1992 (twice), 1995, 1996, and 2005. As part of the 2040 General Plan Update process, the County updated this Oak Park Area Plan.

Content and Organization
This updated Area Plan focuses on essential, area-specific topics. The specific purposes for updating the Oak Park Area Plan were to:

- Update the Plan’s technical information and goals, policies, and programs based on current conditions and changes in State law,
- Reduce redundancy with the 2040 General Plan,
- Eliminate goals, policies, and programs not specific to the Oak Park area, and
- Provide continuity and consistency among the 2040 General Plan and other Area Plans.

Local Setting

Overview of Plan Area
The Oak Park Area Plan consisting of approximately 869 acres of land in Eastern Ventura County (see Figures 1-OP-2 and 20P-3).

Community History
In the late 1960s through the 1970s, Oak Park attracted hundreds of buyers from the San Fernando Valley and beyond. Oak Park built out 2002, and with no further development possible, the open spaces within and surrounding this community are forever dedicated parklands. Oak Park is the largest unincorporated community in Ventura County.

Goals, Policies And Programs
The goals, policies and programs contained in this Plan clearly express the intent of the Board of Supervisors, the community and those governmental agencies responsible for providing services to the area. Goals, policies and programs are described below:

Goal - Means the ultimate purpose of our effort stated in a way that is general in nature. Example: "Provide for unified planning and a diversified urban community which reflects modern site design standards and concepts."

Policy - Means a specific statement guiding day-to-day actions and implying clear commitment. Example: "All discretionary development shall comply with the oak tree preservation and mitigation requirements of the adopted Oak Park Development Plans."
Program – Means a coordinated set of measures designed to be set in motion to carry out the goals and policies of the plan. Example: "The Planning Division shall coordinate with the National Park Service and the Santa Monica Mountains Conservancy to ensure that future amendments to those agency’s plans are consistent with this Area Plan."

The goals, policies, and programs are divided into the following four major Sections:

1. Resources
2. Hazards
3. Land Use
4. Public Facilities and Services

Area Plans include a distinguished set of land use designations that are specific to the unique needs, resources, and history of a specifically-defined area. These plans govern the distribution, general location, and extent of uses of the land within the area for housing, business, industry, open space, agriculture, and public facilities.

The Land Use Map (Figure OP-4) identifies the distribution and appropriate location of the various land uses permitted within the Area Plan boundary. Within four general land use categories, there are Land Use Designations which dictate the type and intensity of land use within each category. A Summary Table (Figure 5Table OP-3) lists each land use designation and their total area, building intensity, population capacity and population density. The purpose of each of the four land use categories is described in Table OP-1.

Land Use and Community Character

Growth Management

**OP-1**
To ensure that the area’s growth rate does not exceed the ability of service agencies to provide quality services. [Source: Existing Oak Park Goal 3.1.1.6]

**OP-2**
To ensure that development is consistent with the population/land use forecasts of the Countywide Planning Program and the Regional Plans thereunder, Air Quality Management Plan (AQMP), Water Quality Management Plan (WQMP) and the Ventura County Transportation Study (VCATS). [Source: Existing Oak Park Goal 3.6.1.2]

**OP-3**
To provide living opportunities for families of a wide range of incomes. [Source: Existing Oak Park Goal 3.3.1.1]

Land Use Designations and Standards

The following are the goals, policies and programs which apply to each land use category in the Oak Park Community. The Oak Park Community is divided into four Planning Zones (see Figure 3OP-1).

**OP-3.1**
Zoning and Development Land Use Map Conformance
The County shall require all zoning and development shall to be in conformance with the Land Use Maps (Figure OP-4), which has been designed to reflect these goals and policies. The Zoning Compatibility Matrix (Figure 6Table OP-2) indicates the zones which are consistent with the various land use categories. [Source: Existing Oak Park Area Plan Policy 3.1.2.1]

**OP-3.2**
Public Open Space
The County shall require Public Open Space shall to be located in conformance with the Land Use Maps which have been developed in accordance with the above goals and objectives (see Figure OP-4). [Source: Existing Oak Park Area Plan Policy 3.2.2.1]

Character and Design

**OP-4**
To provide for new development within a compact urban community while preserving the bulk of the Oak Park area as open space or public recreation. [Source: Existing Oak Park Goal 3.1.1.1]

**OP-5**
To provide a socially and economically balanced community, including apartments, attached single-family homes, and conventional single-family detached houses. [Source: Existing Oak Park Goal 3.1.1.2]

**OP-6**
To preserve the major resources of the area by adapting development patterns to the natural environment. [Source: Existing Oak Park Goal 3.1.1.3]
### OP-7
**To provide for unified planning and a diversified urban community which reflects modern site design standards and concepts providing for the separation of incompatible uses. [Source: Existing Oak Park Goal 3.1.1.4]**

### OP-7.1 Design Standards for Discretionary Development

**The County shall condition**

Discretionary development **shall be conditioned** to incorporate good design standards including open areas, landscaping, circulation, off-street parking, energy efficiency, architectural compatibility with surroundings, etc. [Source: Existing Oak Park Area Plan Policy 3.1.2.3]

### OP-7.2 Setback Standard Compliance

**The County shall require**

All development **shall to** comply with the setback standards contained in the adopted Oak Park Development Plans. [Source: Existing Oak Park Area Plan Policy 3.1.2.4]

### OP-8
**Provide for flexibility in the design of the Oak Park Community. [Source: Existing Oak Park Goal 3.1.1.7]**

### OP-9
**Provide**

a focus for the community around which an identity can emerge. [Source: Existing Oak Park Goal 3.1.1.9]

### OP-10
**Promote**

a lifestyle characterized by intimate and extensive experience with the natural environment, a rich and varied social context, and a strong sense of community. [Source: Existing Oak Park Goal 3.1.1.10]

### OP-10.1 Design Standards for Discretionary Development

**The County shall require**

Discretionary residential development shall be conditioned to incorporate good design standards and maintain the character of the Oak Park Community. Design standards include open space, landscaping circulation, off-street parking, energy efficiency, architectural compatibility with the surroundings, etc. [Source: Existing Oak Park Area Plan Policy 3.3.2.2]

### OP-10.2 Cul-de-sac Length

**The County shall limit**

Cul-de-sac length **shall to not exceed** 800 feet. [Source: Existing Oak Park Area Plan Goal 2.3.2.3]

### OP-11
**Provide**

neighborhood types which utilize the variety of micro climates and natural topographic characteristics of the site. [Source: Existing Oak Park Goal 3.3.1.2]
To produce residential environments and dwelling configurations that have a substantial view, privacy, and open space qualities. [Source: Existing Oak Park Goal 3.3.1.5]

To encourage the provision of a variety of housing densities within large developments so long as the overall density is consistent with the land use category established by the Land Use Map [Figure OP-4]. [Source: Existing Oak Park Goal 3.3.1.6]

**OP-13.1 Residential Development Land Use Map Conformance**

The County shall require residential development to be located in conformance with the Land Use Map (see Figure OP-4) which has been developed in accordance with the above goals and objectives. [Source: Existing Oak Park Policy 3.3.2.1]

To provide commercial uses which meet the convenience shopping and service needs of the Community of Oak Park. [Source: Existing Oak Park Goal 3.4.1.1]

To locate and design commercial land uses so as to minimize land use incompatibility with residential land uses. [Source: Existing Oak Park Goal 3.4.1.2]

**OP-15.1 Commercial Development Land Use Map Conformance**

The County shall require commercial development to be located in conformance with the Land Use Map which has been developed in accordance with the above goals (see Figure OP-4). [Source: Existing Oak Park Policy 3.4.2.1]

**OP-15.2 Compatibility with Adjacent Land Uses**

The County shall subject commercial development to the Planned Development or Conditional Use Permit process to assure compatibility with adjacent land uses. Such review shall give careful attention to landscaping, signing, access, site and building design, drainage, on-site parking and circulation, fencing, and mitigation of nuisance factors. [Source: Existing Oak Park Policy 3.4.2.5]

Civic Engagement

To provide opportunities for the citizens of Oak Park to take an active role in determining community affairs. [Source: Existing Oak Park Goal 4.8.1.1]

Establish governmental mechanisms to communicate the residents’ needs and desires to their elected representatives. [Source: Existing Oak Park Goal 4.8.1.2]

**OP-17.1 Oak Park Municipal Advisory Council (OPMAC)**

The Oak Park Municipal Advisory Council (OPMAC) shall continue to be the Board of Supervisors’ recognized public review group for the Oak Park Area of Interest. All applications for discretionary permits and all environmental documents for projects located within the Oak Park Area of Interest shall be submitted to OPMAC. [Source: Existing Oak Park Goal 4.8.2.1]
Park Area of Interest shall be distributed to the OPMAC. [Source: Existing Oak Park Policy 4.8.2.1]

**OP-17.2 Notification to Oak Park Municipal Advisory Council (OPMAC)**
All County departments shall make an effort to notify the OPMAC concerning issues and programs of importance to the Oak Park area prior to decisions being made regarding these matters. [Source: Existing Oak Park Policy 4.8.2.2]

**Development Review and Inter-Agency Coordination**

The County of Ventura has adopted several plans and programs which pertain to land use on a regional scale. Additionally, several Federal, State, and local agencies have adopted plans which embrace land use issues in the Oak Park area. The following goals, policies and programs address the relationship between these regional plans and programs and the Oak Park Area Plan. The following goals, policies and programs establish a relationship between these other plans and this Area Plan:

[Source: Existing Oak Park Policy 1.3.2.1]

**OP-43.2 Discretionary Development Near Marshes and Bodies of Water**

*The County shall require* discretionary development that is proposed to be located within 300 feet of a marsh, small wash, intermittent lake, intermittent stream, spring, or perennial stream as identified on the latest USGS 7 1/2 minute quad map *shall to* be evaluated by a qualified biologist, approved by the County, for potential impacts on "wetland" habitats.

**OP-43.3 Wetland Habitat Impact Mitigation**

*The County shall require* discretionary development that is proposed to be located within 300 feet of a marsh, small wash, intermittent lake, intermittent stream, spring, or perennial stream, as identified on the latest USGS 7 1/2 minute quad map, *shall to* be evaluated by a qualified biologist, approved by the County, for potential impacts on "wetland" habitats.

*The County shall prohibit* discretionary development that would have a significant impact on significant "wetland" habitats *shall be prohibited*, unless mitigation measures are adopted that would reduce the impact to a less than significant level, or for lands designated "Urban" or "Existing Community", a statement of overriding considerations is adopted by the decision-making body. [Source: Existing Oak Park Policy 1.3.2.5]

**OP-43.4 Biological Resource Consultation**

*The County shall require* the California Department of Fish and Game, the U. S. Fish and Wildlife Service, National Audubon Society, California Native Plant Society, and the National Park Service *shall to* be consulted when discretionary development may affect significant biological resources. [Source: Existing Oak Park Policy 1.3.2.9]

**OP-43.5 Blasting Restrictions**

*The County shall prohibit* No blasting *shall be permitted* from February 15 through June 30 unless a field survey determines that there are no nesting raptors (other than kestrels) within 1/2 mile of the blasting site or unless studies are conducted to the satisfaction of Ventura County which indicate that blasting in an area will have no significant impact on nesting raptors. Scenic Resources

To preserve and protect the significant open views and vistas of the natural features endemic to the Oak Park Area of Interest. [Source: Existing Oak Park Goal 1.4.1.1]

Ventura County Guide to Landscape Plans Compliance

The County shall require discretionary development to meet or exceed standards of the Ventura County Guide to Landscape Plans. [Source: Existing Oak Park Policy 1.4.2.2]

To ensure that new development minimizes grading and is sensitively designed in order to preserve the natural beauty of the area. [Source: Existing Oak Park Goal 1.4.1.2]

Public Views of Natural Ridgelines

The County shall prohibit discretionary development and grading which will significantly obscure or degrade public views of the natural ridgelines. [Source: Existing Oak Park Policy 1.4.2.1]
Standards for Landscape Plans

The County shall require discretionary development to meet or exceed standards of the Ventura County Guide to Landscape Plans. [Source: Existing Oak Park Policy 1.4.2.2]

Terrain Conformance

The County shall require discretionary development to be designed to conform to the terrain rather than the reverse and shall comply with the following:

a. Transition Design: The County shall require the angle of the graded slope to be gradually adjusted to the angle of the natural terrain.

b. Angular Forms: The County shall generally not permit angular forms to reflect the natural rounded terrain, unless exposed rock faces can be used as a desirable visual element.

c. Exposed Slopes: The County shall require the graded form to reflect the natural rounded terrain, unless exposed rock faces can be used as a desirable visual element.

d. The County shall require the toe and crest of all cut and fill slopes in excess of five (5) feet vertical height to be rounded with vertical curves.

e. The County shall prohibit privately maintained slopes in excess of 12 vertical feet in height.

f. Where cut or fill slopes exceed 100 feet in horizontal length, the horizontal contours of the slope shall be curved in a continuous, undulating fashion in conformance with natural slopes.

g. Where cut and fill slopes in excess of five feet are created, detailed landscape and irrigation plans shall be submitted to and approved by the Planning Division and Public Works Agency. The plans will be reviewed for type and density of ground cover, seed-mix, hydromulch mix, plant sizes and irrigation systems.

h. The County shall require all planting and irrigation of manufactured slopes to be completed and approved by the Planning Division prior to final grading inspection.

i. The County shall require extensive grading on slopes exceeding 25% to be avoided in all but the most unusual circumstances.

j. Grading should be designed to avoid a terrace or staircase effect.

k. Grading shall be avoided on the upper slopes of major hills in order to preserve views.

l. All requirements of the Grading and Maintenance of Slopes Standards to be continued in the adopted Oak Park Development Plans shall be complied with.

In case of reasonable doubt as to the precise alignment of land use boundaries on the Land Use Maps, the Planning Director is authorized to determine the precise boundary locations. Such determinations must comply with the goals and policies which are set forth in the written text of the Oak Park Area Plan. Determinations shall be graphically portrayed on the adopted Land Use Map. In granting the Planning Director such powers, it is understood that any interested party may appeal the Director’s decision to the Planning Commission and subsequently to the Board of Supervisors (Ventura County Ordinance Code, Division 8, Chapter 1, Article 11) and may also file for a General Plan amendment.
