

Aboveground Petroleum Storage Tank Facility Statement Reporting Requirements

Do I have to file an Aboveground Petroleum Storage Tank Facility Statement if I have already reported a Hazardous Materials Business Plan? Revised 3/29/2019

Answer: If you answered ‘yes’ to the Business Activities question as shown below **and** you have submitted your Hazardous Materials Business Plan (HMBP) to CERS or a local Unified Program Agency portal, you have met the Tank Facility Statement reporting requirements for the Aboveground Petroleum Storage Act (APSA) Program as specified in Health and Safety Code (HSC) section 25270.6(a)(2).

Aboveground Petroleum Storage

Does your facility own or operate aboveground petroleum storage tanks or containers AND: 

- have a total aboveground petroleum storage capacity of 1,320 gallons or more, OR
- have one or more petroleum tanks in an underground area?

Yes No

You are not required to also submit an APSA Tank Facility Statement, but you will be required to complete the ‘Aboveground Petroleum Storage Act Documentation’ under the APSA submittal to indicate your HMBP submittal in lieu of the APSA Tank Facility Statement.

When completing the ‘Aboveground Petroleum Storage Act Documentation’ in CERS, select ‘Provided Elsewhere in CERS’, choose ‘Hazardous Materials Inventory’, and then click on the ‘Save’ button.

Document Options

- Upload Document(s)
- Public Internet URL
- Provided Elsewhere in CERS
- Provided to Regulator
- Stored at Facility
- Exempt

Provided Elsewhere in CERS

If requirements for this supplemental documentation can be satisfied by another document you have provided in CERS, please indicate the submittal element where the document can be found and provide the submittal date or other comments to assist your regulator in locating this document in your current/previous CERS facility submittals.

Supplied in Submittal Element...

- Facility Information
- Hazardous Materials Inventory
- Emergency Response and Training Plans
- Aboveground Petroleum Storage Act

Indicate submittal date or other explanation...

You are required to file an APSA Tank Facility Statement *if*:

- You have petroleum products in aboveground containers, equipment or tanks, including tanks in underground areas, with a shell capacity equal to or greater than 55 gallons where the combined quantity at the facility meets or exceeds 1,320 gallons
- OR**
- You have one or more tanks in an underground area (TIUGA) (HSC 25270.2(o)),
- AND**
- You are not required to submit an HMBP, such as federal facilities (e.g. military bases) and residences, other than single family homes* that have home heating oil tanks. (HSC 25270.6(a)).

*Single family homes with aboveground storage tanks used solely for heating the home are exempt from the Tank Facility Statement reporting, unless there is a local ordinance that requires reporting.

For information on whether your facility is regulated under the APSA program, visit the CERS Help Materials website at <https://cers.calepa.ca.gov/about-cers/help-materials/> and refer to the guide called 'Is My Facility Regulated Under APSA?'

You may download the Tank Facility Statement form from the CAL FIRE – Office of the State Fire Marshal (OSFM) APSA program website at <http://osfm.fire.ca.gov/cupa/pdf/TankFacilityStatement.pdf>.

For more information on the APSA Program, including TIUGAs, visit the CAL FIRE – OSFM APSA Program website at <http://osfm.fire.ca.gov/cupa/apsa> or contact your local Unified Program Agency (<http://cersapps.calepa.ca.gov/Public/Directory/>).
