The Environmental Health Division (Division) as the Local Enforcement Agency (LEA) received and approved a request for a temporary waiver of terms for Gold Coast Recycling Facility (GCR).

The LEA is certified by the California Department of Resources Recycling and Recovery (CalRecycle), to enforce state laws and regulations at solid waste sites within the County of Ventura, including all active transfer stations and landfills.

Description of Request and LEA's Determination

GCR is located at 5275 Colt Street, Ventura, CA 93003. On March 2, 2023, the LEA received an official request for a temporary waiver of terms to be able to accommodate an increase in Vehicles Per Day (VPD) and Tons Per Day (TPD) due to the unforeseen lasting impacts of COVID-19 on the facility. The LEA is processing an application to revise the current Solid Waste Facility Permit (SWFP) to permanently increase daily limits for both VPD and TPD.
