## Residential Filming Notification Sign

The film notification sign to be posted must meet the following requirements:

- Be clearly visible to the public and community when film activity is occurring.
- Be posted within 5 feet of the property frontage and adjacent to the front driveway entrance.
- Be staked in the ground (you may use either wooden or metal stakes) OR attach it with tree ties around a tree.
- Have a height no less than 4 feet tall and no more than 6 feet tall.
- Be printed on colored paper (bright neon yellow or green paper preferred).
- Be inserted in a plastic sheet protector or laminated to protect the film sign from inclement weather.

Please note that the signature and phone number of the Film Production Location Manager are required on the front of the sign.
