

New Project Referral Form

County of Ventura • Resource Management Agency • Planning Division

800 S. Victoria Avenue, Ventura, CA 93009-1740 • (805) 654-2478 • www.vcrma.org/divisions/planning

Purpose:

Pursuant to the Guidelines for Orderly Development¹ and the Ventura County General Plan,² applicants for land use permits or entitlements for urban development on property that is located within a City's sphere of influence shall be: (1) encouraged to apply to the City to achieve their development goals; and (2) discouraged from applying to the County. In addition, certain policies³ of the Ventura Local Agency Formation Commission (LAFCo) require the annexation of property prior to receiving municipal services for development of the property. The purpose of this form is to facilitate communication between the applicant, City staff, LAFCo staff, and County staff to determine whether the applicant should apply to the City to achieve the applicant's development goals for the Subject Property (described below), pursuant to the Guidelines for Orderly Development, Ventura County General Plan, and LAFCo requirements.

Instructions to Applicant:

Please first contact City staff to discuss your proposed project and to request City staff's completion of their section of this form, and then reach out to LAFCo staff to request LAFCo staff's completion of their section of this form. Return the completed form to the Ventura County Planning Division prior to submitting an application to the County for development of the Subject Property. It is recommended that you contact City staff and LAFCo staff by phone and/or email.

If County staff processes the application for the land use permits or entitlements for the proposed project, County staff will notify and request any comments or recommendations from City and LAFCo staff regarding the proposed project. Notification will occur after County staff accepts the application for processing, and will include (but will not be limited to) California Environmental Quality Act and public hearing notices.

If you have any questions about the information to be presented in this form, please contact the Planning Division public counter at (805) 654-2488 or plan.counter@ventura.org.

City Staff Response: *(This section for City staff use only.)*

1. The proposed project will involve the following urban development (check all that apply):
 - The proposed project will require the expansion of water service.
 - The proposed project will require the establishment of a new community sewer system.
 - The proposed project will require the significant expansion of an existing community sewer system.

The existing community sewer system is _____.

The expansion of the sewer system will be significant because:

- The proposed project will result in the creation of residential lots less than two acres in size.
- The proposed project will result in the establishment of commercial or industrial uses which are neither agriculturally-related nor related to the production of mineral resources.
- The proposed use is / is not consistent with the City's general plan land use designation.

2. The Subject Property is / is not contiguous to an existing City boundary.
3. The Subject Property is located approximately _____ feet from an existing sewer system.
4. The applicant should / should not apply to the (a) City for the land use permits or entitlements, and (b) LAFCo to annex the Subject Property into the City, in order to allow the proposed project. The reason(s) for this determination is/are as follows:
5. The applicant should should not apply to the City for an Out of Agency Service Agreement (OASA) to obtain water service. A recorded OASA is required to provide water service to properties outside the City limits, meeting current City ordinances and regulations. Ventura Water's signature on the form does not guarantee water service.
